IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of

Date: September 15, 2006

STEPHEN F. GASS, DAVID S. D'ASCENZO
ANDREW L. JOHNSON, JOEL F. JENSEN,
SUNG H. KIM and ANWYL M. MCDONALD

Serial No.: 09/929,236

Examiner Boyer D. Ashley

Filed: August 13, 2001

Group Art Unit 3724

For: REPLACEABLE BRAKE MECHANISM FOR POWER EQUIPMENT

To: Director of the United States Patent and Trademark Office
P.O. Box 1450
Alexandria, Virginia 22313-1450**REQUEST FOR RECONSIDERATION OF A DECISION
DISMISSING A PETITION TO WITHDRAW A HOLDING OF ABANDONMENT**

Applicant requests reconsideration of a decision mailed July 17, 2006, dismissing a petition to withdraw a holding of abandonment. The above-identified application went abandoned for failure to respond to a Notice of Non-Compliant Amendment purportedly mailed April 29, 2004. Applicant, however, never received the Notice and therefore petitioned to revive the application. The petition was dismissed because applicant did not include with the petition a copy of the docket record where the non-received Notice would have been entered had it been received and docketed. Applicant now requests reconsideration of the dismissal and is submitting the requested docket record in support of the request.

The undersigned incorporates by reference the statements made in its prior petition and makes the following additional statements in support of this request for reconsideration:

1. The Notice of Non-Compliant Amendment was not received by applicant or the undersigned.
2. A search of the file jacket for the application indicates that the Notice was not received. Had the Notice been received, its receipt would have been entered on the front of the file jacket for the application because it is applicant's standard practice to record the receipt of communications from the Patent Office on the front of the relevant file jacket. A copy of the front of the relevant file jacket was submitted previously showing that the Notice was not received. The file jacket is part of applicant's docket records.
3. A search of applicant's electronic docket records indicates that the Notice was not received. Had the Notice been received, its receipt would have been entered in applicant's electronic docket because it is applicant's standard practice to record the receipt of communications from the Patent Office in the electronic docket. A copy of applicant's electronic docket including entries from April through May 2004 where the non-received Notice would have been entered had it been received is attached.
4. The undersigned also points out that the Notice is identified on the Patent Application Information Retrieval (PAIR) system under the tab labeled "Transaction History," but a copy of the Notice is not available under the tab labeled "Image File Wrapper." Copies of other documents from April

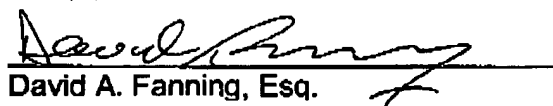

and July 2004 are available under the tab labeled "Image File Wrapper," but the Notice is not. The absence of a copy of the Notice on the PAIR system is consistent with what Examiner Boyer Ashley told the undersigned in a telephone call on March 15, 2005. As explained in the original petition, Examiner Ashley said he could not find a copy of the Notice and did not know what the basis for the Notice was. The facts that the Notice is not available on the PAIR system and that Examiner Ashley could not find the Notice constitute strong evidence supporting the conclusion that the notice was never mailed and was likely misplaced by the Office. Otherwise, the Notice would be available. The undersigned requests the Office to mail applicant a copy of the Notice or to post the Notice on the PAIR system if the Office has a copy of the Notice.

5. The undersigned hereby declares that all statements made herein of his own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

In light of the information provided herein, applicant respectfully requests reconsideration of the decision dismissing the petition to withdraw the holding of abandonment.

Respectfully submitted,

SD3, LLC
